Windows: change windows version

Determine the current edition name

```
DISM /online /Get-CurrentEdition
```

Verify which editions the current installation can be converted to by running the following command. From the output, make a note of the edition name you want to convert to.

```
DISM /online /Get-TargetEditions
```

Change from windows server evaluation to datacenter and activate it

```
DISM /online /Set-Edition:ServerDatacenter /ProductKey:XXXX-XXXX-XXXX-XXXX-XXXX /AcceptEula
```
